Arnold Chuctaya Sevincha

IT Support & VoIP | Networking | Building toward Platform Engineering

Madrid, Spain · suarch.dev@gmail.com · linkedin.com/in/arnoldcs97 · github.com/suarch-dev

PROFILE

IT support professional with 5.8 years of cumulative experience in VoIP, data networks and incident resolution. Experienced with PBX systems, SIP support and customer-facing troubleshooting. Building practical skills in Python, Docker, Linux and cloud fundamentals, with a long-term goal of moving into Platform Engineering. Currently seeking IT support, VoIP, networking, NOC or junior systems opportunities.

PROFESSIONAL EXPERIENCE

Jan 2018 — Oct 2024 · 5.8 years cumulative

Grupo Amazing

VoIP & Data Technical Support

- Handled customer calls, managed technical incidents and followed issues through resolution.
- Configured and maintained VoIP telephony and PBX platforms, including Panasonic NS500, Yeastar, IPBrick, 3CX and gloCOM.
- Supported SIP services and network equipment across VLANs, routers, switches and ONTs.
- Identified an alternative to rented PBXWare/gloCOM services that moved the solution toward greater in-house control and helped reduce costs.
- Supported the onboarding and training of a new team member.

Apr 2018 — Jul 2018 · 3 months

Telmar

Voice & Data Technical Support Intern

- Vocational training placement in telecommunications installations.
- Installed and checked analogue PBX systems and supported Windows computer maintenance.

Jun 2025 — Jun 2026 · 1 year

Balanz Records

Owner / Studio Operations

- Managed studio operations, client communication, quotes, budgets, costs and promotion.
- Maintained audio equipment and audiovisual production software.

TECHNICAL SKILLS

VoIP & telephony: Panasonic NS500, Yeastar, IPBrick, 3CX, gloCOM, SIP

Networking: TCP/IP, VLANs, inter-VLAN routing, DHCP, DNS, NAT, VPN, routers, switches, ONTs

Systems & tools: Windows 10/11 (intermediate), Microsoft 365 (user), Zoho Desk, Linux CLI (basic, VM)

Automation & containers: Python fundamentals, Git/GitHub, Docker, Docker Compose

Cloud foundations: Introductory guided AWS masterclass: AWS CLI, EC2 basics, S3 static website hosting, Lambda and introductory RDS, DocumentDB, DynamoDB and MemoryDB concepts; not commercial cloud experience

EDUCATION

2018 — 2020

Higher Vocational Diploma in Sound for Audiovisual Media and Live Events

IES Puerta Bonita, Madrid

2016 — 2018

Intermediate Vocational Diploma in Telecommunications Installations

IES Juan de la Cierva, Madrid

ADDITIONAL TRAINING
